CHILD'S NAME: Yasir Mohamed	YEAR GROUP: 1	Attendance: 100%
		No. of Lates: 5
		SCHOOL YEAR: 2021-22

<p><b>English (Speaking, Listening, Reading/Phonics, Writing, Spelling, Handwriting)</b></p> <p>Yasir has progressed steadily with listening, speaking and writing since he joined the class this year. However, latterly, he has not been using his phonics knowledge to support his reading and spelling of unfamiliar words – do not be shy or in too much of a rush to use the Grapheme Mat and sound out when writing and reading, Yasir.</p> <p><b>English target:</b> To concentrate on using phonics for reading and spelling unfamiliar words.</p>	<p><b>End of Year Attainment</b></p> <p><b>Reading:</b> Meeting Y1 Expectations</p> <p><b>Writing:</b> Meeting Y1 Expectations</p>
---	--

<p><b>Mathematics</b></p> <p>Yasir has proven himself a confident mathematician since he joined us but he is also far too eager to get the learning finished and often lacks focus and, as such, makes mistakes that he shouldn't be making. In order to progress as he moves in to Y2, he will need to concentrate more and use his knowledge and skills to attend to the task/activity at hand.</p> <p><b>Maths target:</b> To focus and re-check learning when completed.</p>	<p><b>End of Year Attainment:</b> Meeting Y1 Expectations</p>
--	---

<p><b>Science &amp; Topic Work</b></p> <p>Yasir is beginning to approach our Science and Topic learning with a few more questions but, as with the other core subjects, he has a tendency not to focus and to rush through his learning as quickly as possible. When he does concentrate, he asks interesting questions and contributes well to the learning. Please take the time to focus, Yasir, so that you can progress as you move into Y2 as I know you are capable of doing.</p>	<p><b>Science - End of Year Attainment:</b> Meeting Y1 Expectations</p>
--	---

<p><b>Personal and Social Education including Attitude to Learning</b></p> <p>Yasir has shown himself to be capable of the more formal style of learning that the Y1 curriculum introduces but has lacked interest and focus since he joined us this year and this is hampering his progress. He has such potential but his learning behaviour is poor and he needs to settle, focus and put more effort into his learning as he moves on to the more challenging curriculum of Y2. I know you are capable, Yasir, so please put in your best efforts so as not to fall behind next year – I know you can do it!</p>
