| Problem Solving | 3 | | |
| Works well with others | 2 | | |
| Works independently | 4 | | |
| Presentation of Work | 4 | | |
| Homework | 3 | | |

Teacher's Comments

Jannat is a friendly member of our class who has settled into our class well. She is becoming more confident in many ways, however she sometimes just needs some encouragement. Within English, she has shown some progression with her phonics, reading and writing. Jannat is working hard to build on her vocabulary and is becoming more comfortable answering questions in class discussions. She is working well within her daily phonics group. She is beginning to write short sentences with support, however she needs to work on her ability to hold a pencil comfortably and correctly which in turn this will improve the presentation of her work. Within Mathematics, she has some understanding of addition and subtraction and tries her best when working alongside an adult however, she still needs some support. Jannat is able to use a number line, number square to 20 and a whole part model for support. Keep up the good work, Jannat!

Targets * To independently write a short sentence using a capital letter, finger space and full stop.

* To practise number bonds to 20.
