

## Early Years Foundation Stage Term-1 Report

**Student's name:** Sofia Amine Chakou

**Class Teacher:** Ms Pathirana

**Date:** January 2024

### CLASS TEACHER COMMENT

Sofia has made good progress this term and has made a noticeable improvement in her attitude and behaviour towards others. Sofia is able to follow boundaries with some support. Sofia has worked hard with her communication and language and has developed some understanding of English, she is now more confident in communicating her thoughts and feelings using some simple words and phrases. Sofia enjoys taking part in phonics sessions and is able to recognise some set 1 sounds, continuing to engage with her home learning will help solidify her learning and help her make progress.

Sofia tries hard during maths sessions and can count to 10 with support. During carpet sessions, Sofia can lack focus and get distracted easily, she often needs reminding to join in. During continuous provision, Sofia enjoys spending time in the hospital role-play area with her friends where she engages and learns actively.

Sofia's next steps are:

To express her emotions.

To speak in simple sentences.
